FOR IMMEDIATE RELEASE: VolCorp, Veep Announce EWA Agreement with Navigator Credit Union

[NASHVILLE, TN, August 31, 2026] – Volunteer Corporate Credit Union (VolCorp) and Veep, a leading AI-powered fintech, have agreed to a new partnership with Navigator Credit Union (Moss Point, Mississippi). This agreement brings Veep's suite of earned wage access (EWA) solutions, including Anytime Pay, to Navigator Credit Union's 45,000 members across the Gulf Coast.

Unlike traditional EWA models, Anytime Pay is built specifically for financial institutions: ensuring flexibility for members, safety for credit unions, and responsible access to earned wages when needed. Anytime Pay is a full-service platform that provides convenient access to earned wages using a credit union's existing digital banking channels.

Recently named *The Herald Sun's* "Best Credit Union of Coastal Mississippi", Navigator Credit Union has served the region for more than 80 years with more than $400 million in assets. "Earned Wage Access offers our members a fast, low-cost source of funds to responsibly address urgent liquidity needs and cash flow gaps without negatively impacting their long-term credit health," said Navigator Credit Union Chief Growth Officer Sally Hoffstadt.

VolCorp initially announced its "first of its kind" partnership with Veep in February 2026, reinforcing its commitment to helping credit unions deepen member relationships and expand access to innovative financial solutions. "Credit unions are competing for growth in an increasingly digital marketplace, and traditional acquisition channels are no longer enough," said Karen Clabough, Vice President of Products & Services at VolCorp. "Through partnerships like Veep, we are helping credit unions bring forward new solutions that strengthen member engagement, support deposit growth, and meet members where they are."

Sharon Kirby-Wright, Global Partnerships Director at Veep, added: "Navigator Credit Union is the kind of forward-thinking financial institution we built Anytime Pay for. They understand that the future of financial wellness is not just about offering more products. It's about showing up at the right moment, when members need access to liquidity and support. Their commitment to improving member financial well-being is a powerful endorsement of our mission. We are incredibly proud to partner with Navigator Credit Union and VolCorp as they bring responsible earned wage access to their members.
