

# Same great app, new lower price?

**Zogo** is the premiere financial literacy app for Gen Z and VolCorp is so excited to offer this innovative new service to our members. While many have been very enthusiastic about **Zogo**, some were concerned about the pricing model. We're happy to announce that this issue has been addressed.

Effective immediately, VolCorp members can now add **Zogo** to their product line for as little as \$167 per month with NO STARTUP COSTS (normally starting at \$2,000)! This new pricing will allow more and more credit unions to offer **Zogo** to their members.

Now is the time to offer this valuable service to your members. Call us today!

Our Member Experience Managers can provide you with more information about Zogo.

Call 800.470.3444, Ext. 3, or visit <https://www.volcorp.org/services-zogo/> for more information.
